Tidal Bore Times

December 2025 to July 2026

Observers should arrive 30 minutes prior to predicted time.

Size and volume of the bore will vary based on the lunar cycle.

Fundy Discovery Site is the gateway to the Cliffs of Fundy UNESCO Global Geopark. Here near the mouth of the Salmon River at the head of the Bay of Fundy, the highest tides in the world help create the phenomenon of the tidal bore.
